## "We are setting out for Schoenstatt"

### We carry the flame into the future

The German girls youth have already started the Jubilee, from June 7-9, 500 hundred Marian Apostles had a festival where they could celebrate and share the fire of the Jubilee to bring to the next 100 years. There were days where the Holy Spirit was very present among them. They enjoyed time together, games, a musical, and prayer time in the Original Shrine. They are the future of Schoenstatt! In Ecuador the organization team for the pilgrimage to the Jubilee has started for the next 100 years, they are wearing the start number for the race! Like them many people are getting ready for the Jubilee. Are you ready?

A taster of what is to come

### My thoughts - when putting my shoes on:

Be a hero today and not tomorrow!

As International Schoenstatt Youth we will set out every month to fulfil a new resolution.

### On your marks! Get set! Go!

The Youth Team will meet in June: From the 19th to the 22nd we will meet as a team to further plan the youth tent. The teams are: vigil, program, logistics, decoration, evening program for the youth, virtual tent, and the team who prepares the Boys' Youth and Girls' Youth meetings. In those days we will share the journey thus far, we will mark our next goals and define some very important issues. We ask for your prayers, especially to the Holy Spirit.

A very special night: On Saturday night, October 18, will be the great cultural festival, we invite you to think what your country will present, each one will have 3 to 5 minutes, and can get 30 or 40 people per country.

A dedicated month: The youth who are in Schoenstatt along with the 2014 Office will gather to watch the World Cup. It will be an exciting time with lots of anxiety, some suffering when their team is losing, pride when they're winning, full of suspense and many will have their nerves tested.

days  
to go

\* 650 helpers have already registered for the Jubilee. They will work for the catering team, the program team and many other teams. We ask for prayers for all the people who will come from many countries for this work.

\* The renovations of the pilgrim arena, the place where all the pilgrims around the world will gather in October, have already started.

### I am coming to the jubilee ...

100 years of Schoenstatt, 100 years of the Boys' Youth, 100 years of Father Kentenich's dream and mission. The MTA established herself in that little place and we can feel that she is asking us to be set ablaze with missionary spirit for the Church for these next 100 years.

(Carlos Luis Uvidia, 24, Ecuador)

How can I miss the great anniversary celebration of my own family? I'm going to the jubilee because I have a lot to celebrate, a lot to be thankful for, and because I need to collect as many graces as I can to continue founding Schoenstatt for the next 100 years. For me it's a great blessing to be part of this milestone of our family. See you there!

(Maia Wyler, 26, Argentina)

### Get involved!

We ask for special prayers for the work that is being done in this moment in Schoenstatt to prepare the Jubilee, not only for the Youth Tent, but also for the Central Team and the other Tents.
