## "We are setting out for Schoenstatt"

### We carry the flame into the future

In exactly one month, we celebrate the 100th birthday of Schoenstatt, our Jubilee. We will hear Happy Birthday sung in many different languages on October 18th, here in Schoenstatt and in many other Shrines around the world.

Schoenstatt invites you! The Original Shrine invites you to an unforgettable birthday party! To an international encounter at the threshold of the new century and we, the Schoenstatt youth are apart of it all. In the shadow of the Shrine you can find the Youth Tent, the new Founding Generation. Are you coming by? Are you celebrating with us?

We are starting on Thursday, October 16 at 21:00 with a grand entrance in Misiones-Tent. We are gearing up for the coming new century. On this night you can pick up your personal starting number. Come on by and start with us!

### My thoughts - when putting my shoes on:

On your marks...  
see you in  
Schoenstatt!

As International Schoenstatt Youth we will set out every month to fulfil a new resolution.

only  
**30**  
days  
to go

\* Mount Schoenstatt, Original Shrine, Pilgrim Arena Covenant House... the way always leads to and from the Original Shrine. Here you can see everything that happens at our favorite place in one day in one minute. <http://vimeo.com/104506056>

\* We hope that we won't need it, but the volunteers put a yard net on the field next to Original Shrine in order that all the pilgrims feet stay dry. The net had its first test when it heavily rained and passed with flying colors.

\* Whoever can't come to the jubilee and still doesn't want to miss a second of the Covenant of Love renewal or any of the other celebrations can find information for the live broadcast on [www.schoenstatt2014.org](http://www.schoenstatt2014.org)

### I am coming to the jubilee ...

We are extremely thrilled to embark on a journey from Australia to join the Jubilee Celebrations in Germany! Being a part of the Schoenstatt Young Adults in Australia has been such an awesome, beautiful, joyous and fruitful experience. We cannot wait to

give thanks in the Original Shrine to our MTA and Fr.Kentenich for the Schoenstatt movement through which we have been drawn closer to the hearts of Jesus and Mary. We want to be surrounded by like-minded people who are burning with intensity for God and the greatness we can achieve with Him!

(Estelle, Aleyna and Katie, Australia)
